ANNUAL STATE DEVELOPMENT CONVENTION.

The Sixth Annual State Development Convention which will be held in Louisville on the 19, 20 and 21 of this month will probably surpass an interest of any event of the sort ever held in Kentucky. Strenuous efforts are being put forth by the local Committee of Arrangements in Louisville and the members of the Executive Committee of the Kentucky State Development Association, throughout the state.

Invitations are daily being sent to the well-known speakers on all topics of interest throughout the country and the latest acceptance received is from the Hon. James B. McCreary. Senator McCreary, as he is well-known, has devoted considerable time and attention in the United States Senate to the subject of the Panama canal and he has therefore, consented to address the convention on the subject of the Panama Canal and its effect on the Trade and Industries of the Southern States. The fact that Senator McCreary's services have been obtained for the convention is a matter of much gratification to President E. J. McDermott and his assistants. He is greatly pressed for time but agreed to speak because of the importance of this gathering of representative Kentuckians.

Much work is being done by the Committees on invitation and delegates. Throughout the state, hundreds of prominent men have been urged to take a part in the work of securing a proper representation on the floor of the convention from each county and a gratifying interest has been shown.

The relation of the press to the progress of Kentucky will receive considerable attention on the programme of the convention and Mr. Lew B. Brown, President of the Kentucky Press Association, is to make a speech on this subject. Mr. Brown's knowledge of his topic is intimate and his discussion on the subject should do much to harmonize the efforts of the press and other various factors in Kentucky's progress.

It is the earnest wish of the convention workers to have on hand a big gathering of Kentucky's men to hear these profitable discussions.

There is more Catarrh in this section of the country than all others put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

She Did Not Fear Death.

An old lady on her seventy-third birthday once said, "I do not mind getting old, and I do not fear death, but I live in a constant dread of paralysis."

"For some time I have been wanting to tell you of the great good your wonderful Sloan's Liniment is doing here," writes Mrs. James F. Abernethy, of Rutgerford College, N. C. "In fact, all your remedies are doing noble work, but your Liniment beats all. In my eight years' experience with medicine I find none to go ahead of it, having tried it in very many cases. I know of one young man, a brick mason, who suffered from a partial, yes, almost a complete, paralysis of one arm. I got him to use your Liniment, and now he can do as much work as ever, and he sings your praise every day. I get all to use it I possibly can and know there is great virtue in it. I have helped the sale of your remedies about here greatly, and expect to cause many more to buy them, as I know they can't be beat."

Success.

To work steadfastly with an upward aim,

To conquer wisely trials met;

With little use for anger or for blame,

The highest good from life to get;

To gather wealth, not for its sake alone,

But for the good it helps to do;

To strike each morn a richer mental tone,

And onward press with courage new;

To hold in other hearts a sacred place,

To gladly helping hand extend,

To grow in spirit beauty, spirit grace,

As through this busy world we wend;

To win the power to lead, to cheer, to bless

Our brother man—this constitutes success.
